November 26	Day After Thanksgiving	Holiday
November 30	Stewards Meeting	4:00 & 5:30 pm Union Hall

Election Day Results

The California Labor Federation announced it mounted the largest Get Out the Vote (GOTV) effort in its history in support of **Jerry Brown for Governor, and Barbara Boxer for U.S. Senator** on the November 2 ballot. More than 30,000 volunteers were deployed across the state to talk to two million union voters about the high stakes for working people in this year's election. The Labor Federation also reached just as many voters who don't belong to unions but who share the same concerns over jobs, the economy, and investment in schools and services families count on.

"No one wants to wake up on November 3 and have a 'Meg Moment,' realizing they should have voted but they didn't. We're urging union members, non-union members and everyone who cares about investing in good jobs, better schools and a cleaner environment to vote for Jerry Brown and Barbara Boxer on November 2," said Art Pulaski, the Labor Federation's Executive Secretary-Treasurer. "Our unprecedented grassroots effort is proving the pundits wrong who said the power of our message couldn't match Whitman's limitless pocketbook."

Locally, **No on B – Bad Medicine <passed!** Proposition B on the November ballot would have cost public workers and their families double the cost of children's health care for more than 30,000 including teachers, nurses, firefighters, custodians and gardeners – regardless of their ability to pay.

Congratulations to all Union Members and supporters!

Executive Board Member

Brother Danny Joyeux was the only member nominated for the At-Large Executive Board seat on October 26, 2010 and will be installed at the next Executive Board meeting. We congratulate him for accepting the position and look forward to working with him.

Respectfully,

Larry Yee

Secretary-Treasurer
